RULES & REGULATION

Kabaddi Rules: Playing area

- The playing surface measures 13 * 10 meters.
- The playing area is divided into two halves.
- One team occupies each half. ...
- There are two teams which contest a match.
- Every team has a total of seven players and both teams lodge opposite halves of the field.
 - He is a game played between two teams. It is played by the players of the two different teams that are against each other. Each team has 7 players and one team tries to touch the players present on the other side that is the different team players to get Technical points.
 - Meanwhile, the players of the Opposing Team try to prevent the raider from coming back to its own team by opposing the raider. The **Raider** is supposed to touch as many players as possible in the opposition team in one go. The same number of points goes to the raider team depending on the number of players he has been in contact with.
 - If the opposition team manages to stop the raider then the raider is considered disqualified. The team stopping the raider gets a point in this case. The team gets a point when the raider is prevented from entering their court. In this way, players play against each other.
 - The team with the most points is considered as winners when all the players in a particular team are disqualified whereas the Opposing team is still left with its players. That team is declared victorious according to the points. He consists of 12 players. Out of which seven players are on the court and 5 are kept as reserved. A line is drawn in the middle of the court which divides the two teams into two separate parts.
 - **Duration of the game**
 - The game is usually played in two Halves of 20:20 Min (with a five-minute break between halves). After every 20Min, the team changes its court. For this, both teams get a break of 5 minutes. Each team consists of 5 to 6 catchers and four to five raiders respectively.
 - The coach captain of the **International Kabaddi team** can take time out in between when the Kabaddi match is played in which he can discuss tactics to play between the players and the captain. This break is about 2 minutes. The match is organized according to the weightage of the players.
 - **Technical rules:**
 - According to the Rules of Kabaddi, some decisions are also given. Such as during a knockout semi-final Kabaddi match of kabaddi if the raider challenges the touch, the umpire can change that decision based on its TV response similar to the third umpire

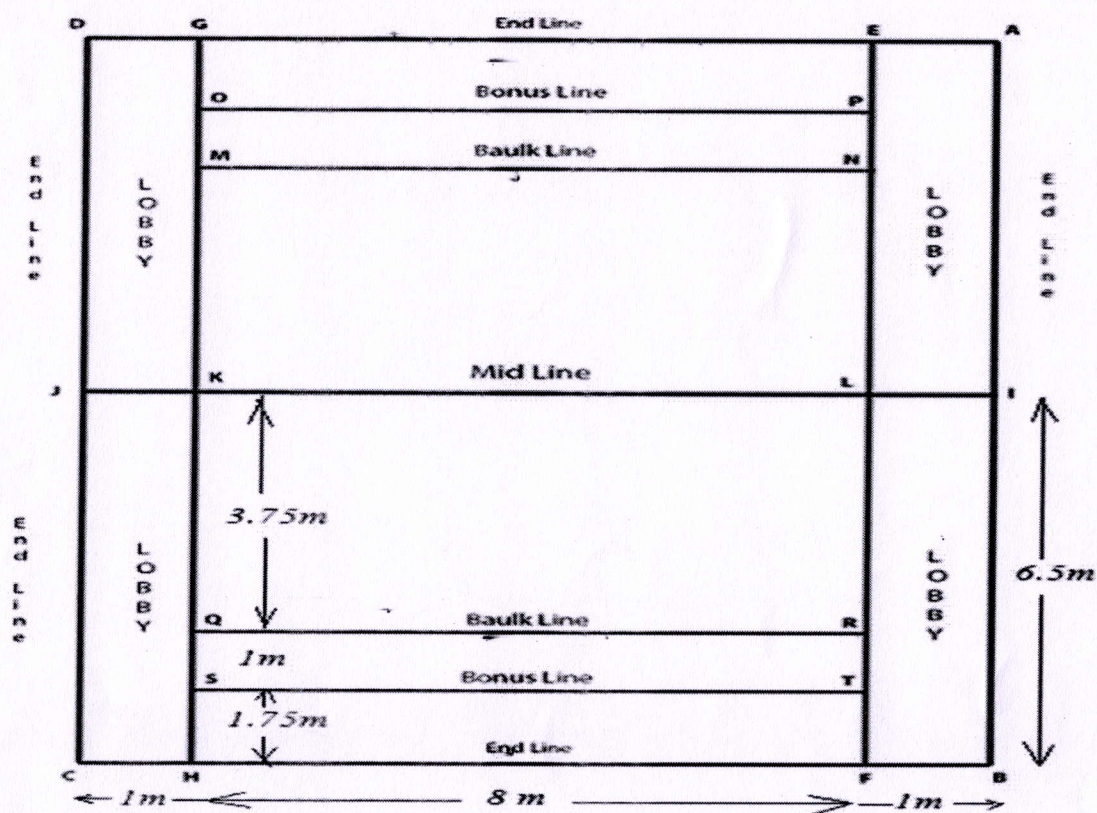

strategy in cricket. The maximum time for counseling is 20 seconds. Consultation has to be decided within 20 seconds.

- **Bonus Line:**
- The bonus line feature is activated inside Kabaddi when 6 players remain inside the court in the rescue team while the raider goes to that team and crosses the bonus line thus again falling into his court after he has touched them all. Here, the raider gets a Technical point.
- **Super tackle**
- Inside Rules, if three players of the rescue team managed to catch the raider then the raider is considered as out. So, it is called **Super Tackle**. In this, the team with the current rescue player gets 2 points.
- **Kabaddi lobby rules**
- When the raider goes to raid and enters the green lobby without touching the player of the opposing team after leaving his breath in this condition then the raider is considered out. The opponents team gets one point for this.
- **All Out**
- Inside the kabaddi, if the raider comes into the opposition court and dismisses the players. So that team goes all out and the advantage is that the Offensive team gets 2 points more.

RULES & REGULATION

Kabaddi Rules: Playing area

- The playing surface measures 13 * 10 meters.
- The playing area is divided into two halves.
- One team occupies each half. ...
- There are two teams which contest a match.
- Every team has a total of seven players and both teams lodge opposite halves of the field.
- Each team shall consist of not more than 12 players with only 7 taking to the field at any one time.
- The officials comprise of a referee, a scorer, two assistant scorers and two umpires.
- The duration of the match is two halves of 7 minutes with a half time break of 3.5 minutes(boys)....5 min with half time break of 3.5 min(girls).
- At the start of a Kabaddi match, there is a coin toss with the winner having the choice as to whether to have the first raid or not. In the second half of the match, the team that did not raid first shall begin the second half with a raid.
- To win a point when raiding, the raider must take a breath and run into the opposition's half and tag one or more members of the opposing team and then return to their own half of the pitch before inhaling again.
- To prove that another breath hasn't been taken, the rider must continue to repeatedly yell the word 'Kabaddi'. Failure to do this, even for just a moment means that the rider must return to their own side of the court without points and the opposite team is awarded a point for a successful defence play.
- The team being raided is defending, and the players must prevent the raiders from tagging them and returning back over the halfway line. While in defence, a team may score a point by successfully preventing the raider returning to their own half after tagging them. Raiders may only be grabbed by their limbs or torso, not by their hair, clothes or anywhere else, and defenders are not permitted to cross the centre line.
- The bonus point will be able to score only when there are more than 5 players in the opponent team and only by touching the bonus line.
