Certificate Course on “Handling of Sophisticated Instruments”

Program description :

The instruments in quality control laboratories plays vital role for fast processing and analysis of testing samples by minimizing the errors. The skilled personnel, who is trained for handling sophisticated instruments is another important aspect in the material characterizations.

The objective of this trainingcourse was to acquire the knowledge and core analytical skills related to Spectroscopic, chromatographic techniques, pharmaceutical equipment's as a part of curriculum.

The course provides a sound background of the basic principles of analysis, an understanding of the instrumentation involved and the opportunity to become familiar with practical techniques.

The college had signed MOU with Aster Analytics Research Institute, a Pune based institute which is equipped with different sophisticated analytical equipment's for meeting with the needs of researchers in all areas of Science and Technology. Any individual candidate, group of candidates from college, or researcher from any academic institutions or industrial R&D can utilize the services of these equipment facilities for the purpose of training and research . Now a day, handling of Sophisticated Instruments & software is an essential for industrial point of view. Students also got an idea about the different softwares and its parameters from this training session also satisfied with their queries from the trainers .

A] Objectives:

1. The participants will gain the knowledge and skills to meet their learning needs.
2. To impart the theoretical and practical perspectives of UV, HPLC, dissolution test and disintegration test apparatus and other analytical equipment's like pH meter, conductometer etc.
3. To Provide valuable information about the modernized UV, HPLC components, its pumps, column, auto sampler and detectors etc.

B] Outcomes: At the end of the Program participants would have strong understanding of following areas

1. Theory and Methods
2. Operating the instrument
3. Qualification, Calibration and validation of Instrument
4. Method development and Validation

* Theory and Practical sessions will be conducted on weekends as per predefined schedule at Aster Analytics Research Institute, Pune.

C] Instruments covered during training program :

Sr. No.	Instrument Name	Make and Model
1.	Ultra-Violet (UV) Spectrophotometer	Jasco
2.	High Pressure Liquid Chromatography (HPLC)	Jasco 4600
3.	Dissolution and Disintegration test apparatus	Electrolab
4.	pH Meter	Lab hosp

D] Evaluation :

1. Practical performance
2. Viva voce
3. Attendance

E] After evaluation students will be awarded with certificates

AN ADD ON COURSE ON
AUTHENTICATION AND TRACEABILITY OF MEDICINAL ACTIVES
FROM NATURALS

INTRODUCTION

Traditional systems of medicine in India emphasizes on Ayurveda, Siddha and Unani systems which use plants, minerals and animal products as main drugs to cure various ailments. Counterfeits and drugs of poor quality degrade the clinical effects of these drugs. A simple method like organoleptic characteristics may hold good to authenticate certain drugs but some may require highly sophisticated techniques based on the adulterants and similarity in the chemical constituents. Thus authentication is a critical step for successful and reliable clinical applications of drugs. The authentication methods for herbal, mineral and marine products are available like microscopy, spectroscopy, chromatography, chemometry etc.

The Add-On course helps in understanding, education and practice for identification of herbal drugs in the nature as well as creating awareness and safety among the peoples regarding use of herbal medicines.

**Report on Soft Skills Development
(A.Y. 2022-23)**

Soft Skills are vital for a successful career. Being able to communicate effectively is one of the most important skills. Communication is defined as transferring information to produce greater understanding. It can be done vocally (through verbal exchanges), through written media (books, websites and magazines), visually (using graphs, charts) or non-verbally (body language, gestures, pitch of voice, and tone). All means of communication are essential. Interpersonal skills are the skills required to effectively communicate, interact, and work with individuals and groups. Those with good interpersonal skills are strong verbal and non-verbal communicators and are often considered to be “good with people”. Having strong communication skills aids in all aspects of life – from professional life to personal life.

Soft Skills is a very popular term nowadays, used to indicate personal transversal competences such as social aptitudes, language and communication capability, friendliness and ability of working in team and other personality traits that characterize relationships between people. Soft Skills are strategic to be successful in personal and professional life and also essential for the students when they try to obtain any kind of job.

Enterprises generally hire new employees with good soft skills because the company, in order to be competitive, needs to create good and effective teams and a collaborative working atmosphere.

The college organizes various types of activities to develop the soft skills of the students enrolled in the institution. Soft skills helps the students to learn and acquire Communication Skills, Presentation Skills, Written Communication, Interpersonal Skills, Creativity and Leadership etc.

The college has signed MOU with Let's Speak Institute, Pune and in collaboration with the same institute conducted Add-on course on Soft Skills Development for the First Year B. Pharm students as well as Soft Skills Development –Interview Skills for Final Year B.Pharm students after college hours during Academic Year 2022-23 in which students are given in depth lessons by the Trainer. This benefit the students to enhance the knowledge of use of language and its spoken aspect. It helped the students for their development of communication skills, presentation skill, enhance creativity as well as enabled the students to learn different interview techniques, facing of the interview etc.

Madam,

At the outset, kindly accept the heartiest congratulations on behalf of our college for conducting Certificate course entitled **Handling of Sophisticated Instruments** to equip the students with the skills required to handle and operate sophisticated analytical instruments, which are imperative in the present industrial environment

Your guidance to the students has been remarkable & the training provided a sound background of the basic principles of analysis, an understanding of the instrumentation involved and the opportunity to become familiar with practical techniques. I appreciate the efforts you made and sparing your valuable time to our students.

I wish you the utmost success in all your future endeavors.
