## Agenda No # 10

To discuss regarding the feedback on curriculum and facilities from various stake holder.

Detail discussion on the contents of feedbacks related to curriculum and facilities in the college was discussed and feedback form was approved, It was decided that these forms should be distributed to several stakeholders and collect the feedback.

**Feedback on Curriculum**-Feedback system in the institute is well structured and is collected from various stakeholders including student, teacher, employer and alumni. Feedback about curriculum is collected from B.Pharm students, teachers, employers and alumni. Curriculum feedback & feedback on facilities are taken once in the year. The parameters / questionnaires in feedback are evaluated on a scale of 1-5. Considering the feedbacks received from respondents , the percent satisfaction and average score of each parameter/ questionnaires is calculated. Suggestions from the stakeholders are considered and accordingly actions are taken by college to rectify the same. The feedbacks collected helps in providing & communicating suggestions with respect to revising of curriculum of the affiliating Savitribai Phule Pune University (SPPU,) Pune as well as also helps in conducting co-curricular and extra curricular activities for overall development and employability of the students. Based on the suggestions and feedback, various activities are planned or upgraded to meet the excellence.

### Feedback on Curriculum (A.Y. 2022-23)

#### FEEDBACK ANALYSIS

**Feedback on Facilities** -Feedback system in the institute is well structured and is collected from various stakeholders including student, teacher, employer, alumni, Parent etc.. Feedback about facilities are collected from students, teachers, employers, alumni and parent. Feedback on facilities are taken once in the year. The parameters in feedback are evaluated on a scale of 1-5. Considering the feedbacks received from respondents, the percent satisfaction and average score of each parameter is calculated. Suggestions from the stakeholders are considered and accordingly actions are taken by college to rectify the same. The feedbacks collected helps in providing suggestions with respect development of facilities. Based on the suggestions and feedback, college plans for more facility development for student and staff.

### FEEDBACK ANALYSIS ON CURRICULUM

**1.4.1 Institution obtains feedback on the academic performance and ambience of the institution from stakeholders such as Students, Teachers, Employers, Alumni etc. and action taken report on the feedback is made available on institutional website**

Feedback system in the institute is well structured and is collected from various stakeholders including student, teacher, employer and alumni. Feedback about curriculum is collected from students, teachers, employers and alumni. Curriculum feedback & feedback on facilities are taken once in the year. The parameters / questionnaires in feedback are evaluated on a scale of 1-5. Considering the feedbacks received from respondents , the percent satisfaction and average score of each parameter/ questionnaires is calculated. Suggestions from the stakeholders are considered and accordingly actions are taken by college to rectify the same. The feedbacks collected helps in providing & communicating suggestions with respect to revising of curriculum of the affiliating Savitribai Phule Pune University (SPPU,) Pune as well as also helps in conducting co-curricular and extra curricular activities for overall development and employability of the students. Based on the suggestions and feedback, various activities are planned or upgraded to meet the excellence.

Feedback system in the institute is well structured and is collected from various stakeholders including student, teacher, employer, alumni, Parent etc.. Feedback about facilities are collected from students, teachers, employers, alumni and parent. Feedback on facilities are taken once in the year. The parameters in feedback are evaluated on a scale of 1-5. Considering the feedbacks received from respondents, the percent satisfaction and average score of each parameter is calculated. Suggestions from the stakeholders are considered and accordingly actions are taken by college to rectify the same. The feedbacks collected helps in providing suggestions with respect development of facilities. Based on the suggestions and feedback, college plans for more facility development for student and staff

3. Pharmaceutical Microbiology can be included in SEM II as there is no any Pharmaceutics subject In SEM II
4. For Internal assessment marks for student – teacher interaction should not be included as chances of Bias system is there.
5. Marking system should be based on measurable parameters only.
6. In Pharmaceutics Evaluation of suspension, emulsion dosage form is missing
7. Industrial Pharmacy I and Novel Drug Delivery Systems syllabus content is large in comparison to time provided
- 8.

Semester	Subject	Unit	Name of chapter	Suggestion
I	Pharmaceutics I	II	Liquid dosage form	Specify Solubility enhancement techniques
		III	Biphasic liquids i) Suspension ii) Emulsion	Include the evaluation parameters
III	Physical Pharmaceutics-I	I	Solubility of drugs	Following point add: 1. Colligative properties 2. three phase systems  Unit-I separate in two parts: Part-I Solubility: Part-II: Phase Rule:
III	Pharmaceutical Engineering	III & IV		Time given is less
IV	Physical Pharmaceutics-II	I	Colloidal dispersions	Following point add: 1. DLVO theory 2. Applications in pharmacy

		IV	Micromeritics	Following point add: 1. Partial size distribution
V	Industrial pharmacy I	For all the units		Time-span is very less
		III	Capsules i) Soft gelatin capsules ii) Hard gelatin cap.	Include the special applications of capsules such as enteric coated capsules, sustained release capsules, capsules containing ophthalmic ointment.
V	Industrial Pharmacy-I-502 theory	II	Tablets	Advanced Granulation Techniques should be included
		IV	Parenteral Products	Lens and Lens care products should be included
		V	cosmetics	Include the evaluation parameters of cosmetics
V	Industrial Pharmacy-I-506 Practical			Practical's of suspension and emulsion should be added.
VII	Novel Drug Delivery Systems (Theory)	II	Microencapsulation	Include evaluation
			Mucosal Drug Delivery system	Include evaluation
		III	Transdermal Drug Delivery Systems	Include evaluation
VIII	Cosmetic science	II	Antiperspirants and deodorants	Include the manufacturing process, evaluation tests
