The college has highly qualified and experienced teaching staff to guide the students and embraces an integrated and problem based educational philosophy, hybridizing traditional and modern teaching-learning approaches that stresses heavily on outcome competencies of the graduates.

About Information and Communication Technology:

Information and Communication Technology (ICT) has revolutionized the way we live, work, and interact with the world around us. From enabling seamless Human-Computer Interaction (HCI) to harnessing the power of Artificial Intelligence and Machine Learning, ICT drives innovation across industries. The Internet serves as a backbone for global connectivity, while Programming Languages empower the development of cutting-edge applications. Cloud Computing offers scalable solutions for data storage and processing, complemented by secure authentication methods provided by Biometrics. With the increasing reliance on technology, Cyber Security has become essential to safeguard sensitive data and systems from threats. Furthermore, Cyber-Physical Systems integrate physical and digital domains to create smarter, automated environments, highlighting the transformative potential of ICT in shaping a connected and secure future.

Objectives:

1. To explore the principles of designing user-centric systems for intuitive digital interactions.
2. To develop strategies to protect ICT systems from cyber threats and ensure data integrity.
3. To utilize AI to optimize processes, analyse data, and enhance decision-making capabilities in ICT applications.
4. To harness the Internet for communication, information sharing, and global collaboration.

5. To Implement ML algorithms to create adaptive and intelligent ICT systems.
6. To acquire coding skills to develop and maintain ICT solutions tailored to various needs.
7. To use cloud platforms for efficient storage, scalability, and remote accessibility.
8. To enhance security and personalization in ICT systems through biometric authentication.
9. To study the convergence of physical and digital technologies to build innovative, automated environments.

Subject: Invitation for Seminar on Internet Access and Security under Capacity Building Program

Respected Ma'am,

Greetings from PDEA's Shankarrao Ursal College of Pharmaceutical Sciences and Research Centre!

We are pleased to invite you to deliver a seminar on "Internet Access and Security" as part of our Capacity Building Program for the academic year 2023-2024. Your expertise in content moderation and digital marketing makes you an ideal speaker to enlighten our students on this significant topic. The seminar aims to enhance students' knowledge in internet security and its application in their professional and personal endeavours. The session is scheduled for 19th March 2024 at 12.0 pm at our college premises.

We would be honoured by your presence and look forward to your guidance in making this session an enriching experience for our students. Please let us know your availability at the earliest to facilitate further arrangements.

Thank you for considering our invitation.

Yours sincerely,
